DESIGNER

Goal: To create an exciting player experience, add to the game atmosphere and story, and use my skills in a design position.

EXPERIENCE

MOD: "Fear of the Dark" 4/10-ongoing
DESIGNER

- Using the Elder Scrolls Construction Set to create a quest for *Oblivion*.
- Script events, conversations, and NPC behaviors.
- Create documentation detailing quest progression and events.

Personal Project: "Reaper" 2/10-ongoing
DESIGNER

- Using the Unreal Development Kit to create a single-quest demo, based on an original idea.
- Model and texture level assets using 3DS Max and Photoshop.
- Build terrain, light, and script events within the level.
- Create documentation detailing level layout, quest progression, and camera events.

MOD: "Hunting Grounds" 12/09-ongoing
DESIGNER

- Using the Source engine's Hammer editor to build a custom 5 chapter campaign for *Left 4 Dead*.
- Create documentation detailing chapter layouts, progression, events, and custom assets.

C3 Cyber Club 2009-2010
TEACHER

- Taught after-school classes in 3d art and design to elementary school students.
- Adapted familiar design tools (Legos, clay) to explain computer based 3d design to children as young as kindergarten age.

Student Project: Pittsburgh Children's Museum 2007
DESIGNER / ART LEAD

- Worked on a four student team to develop an educational game for an exhibit at the museum. The game, "DART!" was voted the top Flash game, and had the highest replay value when tested by the target audience.
- Acted as art lead, organizing all art assets and coordinating with the programming lead and producer.

EDUCATION

Bachelor of Science – Game Art & Design, Art Institute of Pittsburgh (December 2007)
